PUBLISHABLE PROJECT ABSTRACT

Publishable Project Abstract

No changes are foreseen compared to pre-proposal abstract

[max. 2000 characters]

HISTORY OF CHANGES

If applicable, please describe amendments made to the full-proposal.

It is expected that main information submitted in the pre-proposal will stay unchanged in the full-proposal. In particular, neither main content nor the composition of the consortia nor the funding requested by each partner may be changed. An exception will become valid when **conditions (obligatory)** or **recommendations (advice)** have been stated in the invitation letters.

[this section is NEW to the FULL-proposal]

BACKGROUND AND "STATE OF THE ART" IN THE FIELD

Please describe the Background and "State of the Art" in the field

[this section is NEW to the FULL-proposal]

[4000 characters]

DESCRIPTION OF WORK

[this section asks for additions in the FULL-proposal]

[36000 characters]

Relevance and excellence, implementation and management:

- Aim, objectives and hypotheses

- Relevance of the proposal to the call scope, including identification of the added value / complementarity of the proposed research to

previous or ongoing projects

- Innovation potential: description of novelty in methods or development opportunities
- Research approach and methodology: scientific description of the research activities, including methods & work plan, (in line and referring to the work package description in the following section)
- If applicable, description of training opportunities (training/exchange activities foreseen within the project)
- Description and definition of potential risk to the implementation and success of the project (e.g. in research methods, stakeholders involvement, etc.), describe how the chances for success are maximised, and include a contingency plan

Impact:

- Application potentiality of the expected results
- Impact of the research results on the society, including environmental, human or animal welfare aspects, intellectual or cultural development
- Transnational added value: description of how/why the proposal has a clear added value of being carried out on a transnational basis (European added value, transnational impact of the proposed project, including added value for participating countries and cross border problems, description of the specific integration of participants in the transnational consortium structure)

WORK PACKAGES

Table of Work Packages + Tasks

WP	Task	Start Month	End Month	WP / Task Title
1		1	36	Test Workpackage 1
	1.1	1	36	Task 1
	1.2	1	6	Task 2
2		6	24	Test Workpackage 2
	2.1	6	24	Task 1
3		21	31	Test Workpackage 3
	3.1	21	30	Task1

Please upload your curriculum vitae (max. 2 MB, 2 pages, PDF file format).

Test CV 2

This is a test CV

Please consider that there is no obligatory template for the CV.

Please upload your curriculum vitae (max. 2 MB, 2 pages, PDF file format).

Template for a letter of commitment

To be submitted electronically with the pre-proposal on <https://www.submission-susfood-era.net>

This template may be used for applicants participating in research proposals and who are not eligible for funding (e.g. from a country not participating in the call), in order to provide evidence of their commitment. Grey-marked fields must be duly completed. Organisations are allowed to use their own templates, however **the content of the letter as described hereunder should be regarded as example of minimum requirements**. This document must be signed by an authorized representative of the organisation.

In case of failure in proving such commitment at full-proposal submission stage, an applicant could be regarded as ineligible, jeopardizing the whole research consortium.

SUSFOOD2 Transnational co-funded Call for research proposals

Letter of commitment

Project title:

Place, Date

We hereby confirm that **organization** has sufficient resources and is committed to participate to the project **project title**, in accordance to the full-proposal which is submitted by **coordinator** in the frame of the SUSFOOD2 co-funded call 2017 and in case the full proposal is selected for funding by the SUSFOOD2 Call Group.

In addition, in case of separate source of funding: Please find attached to this letter a commitment from **funding organisation** for our contribution to this project.

Signature of **Name and affiliation**

Template for an optional supportive table that can be uploaded to complement the SUSFOOD2 Communication & Dissemination plan [max. 2 MB, 1 page, PDF file format]

Based on the Call Document provided for preparing the Communication & Dissemination plan

A Sample Approach to a Stakeholder Table (key part of any communication plan)

The issue: we need to ensure that more young people know how to code

Why: to improve their personal employment prospects

Impact: overall economic benefit

Communication Plan – Priority Stakeholders & Actions				
Priority Stakeholder Group	What message/info	How to communicate?	When?	Success measures
Priority 1: Policy players in Education & Business	Resources required for upper schools to deliver next generation of IT stars	-Create Consensus White Paper to present to Ministers and special Committees - Secure political Ambassadors - One on one briefing meetings -Articles in business press	From Day One – complete by end of Year One	Number of one on one meetings Questions in Parliament Media coverage
Priority 2: Head-teachers/ Governors/ Proprietors of colleges	Need trained teachers to deliver the training required plus 'Train the Trainers facilities'	-Articles in the specialist education media -Identify and contribute to LinkedIn groups -Attend/speak at specialist meetings -Create database of interested parties & send occasional	Years One & Two	Number of active enquirers (no on database) New courses set up Evidence of internal cascade of issue/action Active recruitment & allocation of resources Capture of success stories for use in newsletter Media coverage
Priority 3: Teachers of students 14 - 18	Become active in a new area of teaching – professional opportunity Training available	-Articles in teacher press -Social media activity: IN, twitter etc	Years Two & Three	Pick up of places on training courses Appointments in schools/ colleges
Priority 4: Students 14- 18	Coding is cool See what you can do with it – it's fun but it can be profitable too Demand that you are given resources and guidance to help yourself	-Recruit student ambassadors who can code -Let them loose to use social media/channels as they choose (provide resources if needed) -Support with an event – Coding Convention template (to be taken up in many places) with col coding paraphernalia -Create matching events for students with business to demo relevance to lives/future prospects	Years Three/Four	Number of active ambassadors with 'followers' Number of new students learning code Number of successful Conventions & matching events
